

SUMITOMO LSR PRIVATE SHOW 2026

**2026
3/20** Fri

Morning Session: 9:00–12:00

Afternoon Session: 13:00–16:00

※Same content for both sessions

LSR molding is expected to grow rapidly in the SEA market. At this seminar, three leading Japanese manufacturers will jointly present a stable and high-precision LSR mold solution through live demonstrations and technical presentations.

This event is suitable for both LSR beginners and customers do rubber or thermoplastic injection mold who are exploring new possibilities.
